For Heads and Deputies
Phil Chantler will be taking a look at ALL the
Fischer Family Trust **fft**
has to offer

**The Fisher Family Trust Aspire website is an
invaluable tool for school leaders**

Phil says, "My ICT skills are poor, but even I can produce bespoke reports on the performance of key cohorts across the core curriculum at the click of a couple of buttons. Add to this the system's ability to lead the process of target-setting, plus governor dashboards that are superior to any others that we use and you can see why so many school leaders love this system."
